# Welcome to Hobsonville Point

Congratulations. You've made the first step towards purchasing a brand new home in Hobsonville Point, Auckland's newest and fastest-growing suburb. Hobsonville Point is so much more than a housing subdivision. It's a master planned community in the making, complete with all of the amenities that make an area the kind of place people like to live, like shops, cafés and bars, parks and schools.

---

## Types of homes for sale

Every new home at Hobsonville Point has been architect-designed to cater for modern life in Auckland; to maximise space, minimise demands on our time and bank balance (and the environment), and give us that connection with nature and our community that makes life so much richer.

A strong community is a diverse one, so we're building a range of homes to suit all ages and stages. The way we do this is by partnering with a master developer for each precinct. We and the developer then select building companies that will provide a variety of homes. Each building company works with different architects and designers to create different plans, using a range of materials. This creates a varied streetscape, but more importantly, provides choice for a broad cross-section of homebuyers.

### Apartments

Apartments offer residents a compact living arrangement that frees up time and money with their no-fuss, low maintenance requirements. They're generally sited close to shops and transport routes due to their higher-density form. Apartments are available as a single home amongst many in an apartment building or block, or as a walk up whereby two homes are allocated to a building: one below, and one above (accessible via a staircase).

### Terraces

Terraces are often referred to as townhouses. They take up less land than a traditional standalone home, compensated for by their height so you get more out of your budget (and better views). Terraces allow for separation of private and shared living spaces across multiple floors.

### Duplex

A duplex is one of two terraced houses that share an adjoining wall. They have all the advantages of a standalone terraced home for a fraction of the price. Like the standalone terrace, they also allow for separation of private and shared living spaces across multiple floors.

### Standalone

Standalone or detached homes are designed and built with young and larger families in mind. These homes are bigger than the higher-density homes available at Hobsonville Point, with a land area closer to that of a typical New Zealand suburban home, and generally include private outdoor backyards and living spaces.

### Axis

Axis Series homes are available as one, two or three-bedroom apartments, terraces, duplex or standalone homes. Turn to the back page of this price list for more information on the Axis Series.

## Hobsonville Point Map

# Hobsonville Point Precincts

Hobsonville Point is divided into precincts. Each precinct is planned and designed in detail and in accordance with consents issued by Auckland Council and a Comprehensive Development Plan. This ensures consistency in design and development controls across each precinct while maintaining the geographical and historical characteristics that are unique to each area.

## BUCKLEY

### Buckley A

The Buckley A neighbourhood is the heart of Hobsonville Point. The first precinct to be developed at Hobsonville Point, Buckley A is well established with completed roads, mature landscaping and is home to Catalina Café, Hobsonville Point Park and Hobsonville Point Primary School.

## BUCKLEY

### Buckley B

This neighbourhood has a focus on providing a range of homes priced at or below the median for the area. Buckley B includes Hobsonville Point Secondary School, which opened in 2014.

## CATALINA

### Catalina

Catalina precinct is located at the northeast end of the peninsula. Catalina precinct's overarching characteristic is 'green' – more than two-thirds of the land's perimeter is bounded by open space, including 11ha of parkland at Te Onekiritea Point (Bomb Point), and a central tree-lined avenue that runs through the middle of the precinct.

## CATALINA AKL BAY NZ

### Catalina Bay

Catalina Bay is a commercial, retail and hospitality hub for the wider Hobsonville Point community. Willis Bond & Co have refurbished and repurposed several heritage buildings including the Sunderland Hangar and Catalina Workshops. Now home to Little Creatures brewery, The Hangar co-working space, Fabric Café and Bistro, Siamese Doll, Catalina Bay Farmers Market and several commercial tenants, stage 2 of the development brings Catalina Bay Apartments to the market.

Designed by award-winning architects, Architectus, these residences of carefully considered proportions and generous spaces have been designed to maximise panoramic views of the Waitemata Harbour. Finished with the finest attention to detail, these spectacular freehold homes are just a 25 minute ferry from Auckland CBD. Construction is estimated to begin in 2021.

### Sunderland

### Launch Bay

At the front of the oval on large waterfront sites are four former Officers' homes which have had their exteriors renovated and plans drawn up for extensions. Twelve large four-bedroom homes will be built at the back of the Oval facing north and apartments will make the most of the harbour views. Launch Bay offers two apartment products, the Marlborough and Ovation. The Marlborough is Launch Bays first apartment product and provides buyers a chance to gain entry into this premier precinct. While at the waterfront edge with views overlooking the Waitemata Harbour are the newly released Ovation apartments. ## **Kerepeti**

Kerepeti is a unique development in Hobsonville Point. Designed by Context Architects, the Kerepeti neighbourhoods - Kerewhenua and Uku - offer a range of housing options to suit every family size, stage and budget.

### *Kerewhenua*

Meaning yellow clay, the Kerewhenua is being built by Classic Builders and Naylor Love. With 111 homes in this neighbourhood, there are a range of one to four bedroom homes with various layouts and typologies including terraced homes, apartments and walk-up apartments.

### *Uku*

The new Uku apartments offer spacious 70m<sup>2</sup>+ two bedroom and 93m<sup>2</sup>+ three bedroom apartments within the Uku neighbourhood and featuring modern styling and clever layouts that make for a comfortable family and pet-friendly home. Each has a balcony or outdoor patio space, with a choice of outlook facing West, North or East towards the harbour and beyond.

### *Kōkōwai*

Kōkōwai is named for the sacred ochre clay, with a deep red colour symbolising the splitting of Papatūānuku and Ranginui, and the creation of life. Those ideas of creativity and connections between people and the land are inspiring the designs for Kōkōwai. The first stage of walk-up apartments will be arranged around communal garden spaces. Each of the apartments is being designed to maximise the views, sun and natural light and features north, west, or east-facing balconies or patios.
