Tiffany Singh, Wiremu Diamond, and Hobsonville Point Primary students

HOBSONVILLE POINT PARK

× Rifle Range

This heritage site served as a machine gun range for Air Force personnel, the SAS, Navy and the Diplomatic Protection Squad.

BOMB POINT DRIVE

× Chichester Cottage

Small and simple but with plenty of heart, Chichester Cottage has stood the test of time since it was built in 1927.

CHICHESTER LANE

× Hobsonville North Kindergarten Artwork

Made by the children of Hobsonville North Kindergarten in 2011 in collaboration with Janet Holtrigter and HLC (now Kāinga Ora).

Hobsonville North Kindergarten has been part of the Hobsonville community since 1985. The kindergarten began its life on Hobsonville Base, not far from the site of this artwork, and is now in Whenuapai. The kindergarten wanted to create a artwork as an acknowledgement of their time in Hobsonville. Over the years the children, their families/whanau and teachers have woven rich learning experiences and memories that will last a lifetime. Each post represents 1 of the 4 Learning Principles of Te Whaariki, Family and Community, Relationships, Empowerment, Holistic Development, and the 5th post displays the kindergarten's treasures.

× Stream of Wonder

This artwork was by four students of Hobsonville Point Primary School in collaboration with Stu Duval in 2018. The Students were working on a project around 'community contribution' and these students felt the community needed more colour. They also wanted to provide a learning opportunity by incorporating te reo, the alphabet and counting.

+ ACTIVITIES

Saturday

ASSEMBLAGE ART

Where Rifle Range | **Artist** Andrew Hall

Andrew has been making assemblage art since he was a child. He'll show you how to bolt, screw and glue together materials from his large collection of recyclables and found objects into a piece of art.

GRAFFITI KNITTING

Where HQ PARK | **Artist** Alison Milne

Knitted graffiti, or 'yarn bombing' as it's also known, is a form of "soft subversion" and humour. Alison will help you make your own 'yarn bomb' to add to the Pohutukawa 'Tree Cosy'.

MINI WINDMILLS

Where Children's Playground | **Artist** Leela Bhai

Leela is an interior designer and teacher. She will inspire you to design and create your own mini windmill to take home.

FACE PAINTING

Where Wharf | **Artist** The Magic Brush

The artists from The Magic Brush are the best face painters in Auckland. Young children will be delighted with their beautifully painted face.

Sunday

ASSEMBLAGE ART

Where Rifle Range | **Artist** Andrew Hall

Andrew has been making assemblage art since he was a child. He'll show you how to bolt, screw and glue together materials from his large collection of recyclables and found objects into a piece of art.

BLOCK PRINTING

Where HQ PARK | **Artist** Katie Smith

Katie developed a textile crush as a teenager and now owns Smitten Designs - hand printed fabric. With her collection of printing blocks, you will design your own bag to take home.

BADGE MAKING

Where Children's Playground | **Artist** Leela Bhai

Leela is an interior designer and teacher. She will inspire you to design and create your own badge to take home.

FACE PAINTING

Where Wharf | **Artist** The Magic Brush

The artists from The Magic Brush are the best face painters in Auckland. Young children will be delighted with their beautifully painted face.

These activities will only be available on the opening weekend.
